

Support

Last Updated Donnerstag, 25 Februar 2010

The activities of the institution are supported by various supporters. We would be glad, if you could support us, so that we can continue our work. **Membership and donations** The institution is funded by membership fees and donations. Only for single projects we apply for support from foundations, parties and authorities. Our financial sovereignty makes it easier for us to view state or public organisations with an critical eye. To guarantee this sovereignty, we depend on membership fees and donations. **Donation account:** Bank für Sozialwirtschaft Berlin BLZ: 100 205 00 Kto: 33 103 00 **Voluntary Support** ADB depends on support by volunteer staff members, because the institution has only very few means. We are always looking for diligent people who are interested in our work and who could enrich our institution with sympathy, ideas and qualifications. Being a staff member of the ADB you could support various fields of our work, for example:

- inquiry and office workcase management (counselling and attendance) public relations (e.g. designing flyers) representing ADB at collaborations with other NGOs project monitoring updating and enhancing our website

We are an amiable team and need support in many ways in order to continue our work successfully. Please contribute to help other people. If you are interested in supporting us, please send us an application containing a curriculum vitae and a letter with the reasons for your application and how you could support our institution. **Internship** The ADB Berlin is looking for interns regularly. Within the internship you gain insight on the functions and the activities of our association. In addition to this you could choose a field, in which you are interested and you could support us in a special way. The internship should last at least 3 months. We are not able to pay a salary, but the working schedule could be arranged personally. If you are interested, please send us your application to adb_berlin@gmx.de. Therefore we need your curriculum vitae and a letter describing how you could enrich our fields of work and how long you want to work at our association.
